

Cooking Basket AA5351

Description

A stainless steel cooking basket to assist those with weak or reduced strength grip by removing the need to lift a full pan of boiling water prior to draining.

The large flame retardant moulded nylon handle is easy to grip and provides heat insulation. Suitable for all types of vegetables, prepacked food, boiling eggs and tinned foods etc. It can also be used for deep fat frying in oil.

Specification

Diameter: 6 $\frac{1}{2}$ " (165mm) at top, tapering to 4 $\frac{1}{2}$ " (120mm) Depth: 3 $\frac{1}{2}$ " (90mm).

Usage

1. Place the prepared food in the basket.
2. Put the basket into a pan of water and rest the basket handle on the saucepan handle to prevent tipping.
3. When cooking is completed, shake the basket over the pan to drain, then serve.
4. When the cooking water has cooled, it can be poured safely away.

Cleaning and Care

A long rust free life can be ensured by washing and drying the basket thoroughly after use, then hanging it in a warm dry place.
