

SEATTLE

Intalift Armchair

CE

Restwell.

*“This intalift
technology ensures
all mechanisms
are safely hidden
from view”*

The Seattle Intalift Riser combines a classic armchair design with the latest patented technology. All of the chair mechanisms are hidden from view, this makes the chair more attractive and a stylish choice for any home.

The Seattle has three independent motors; this means you can operate and move the leg rest independently of the back rest, thus helping you find your most comfortable sitting position. The chair's unique three motor system also provides a longer life span, increases reliability and the motor cutout function prevents the motor from burning out. This chair has been beautifully designed and is available in three fabric colour selections.

Superb Comfort, Style & Performance...

- » Classic armchair design with a traditional button back
 - » Full matching fabric cover on elevated inner frame ensures the chair's inner mechanics are not visible at any position
 - » Three motors enable legrest to be elevated / lowered and backrest to be reclined independently to give more flexible support options
 - » Backrest can be positioned upright while legrest is elevated, for example to watch TV
 - » Intalift mechanism will rise and tilt users to their feet using minimal space
 - » Safety mechanism minimises risk of trapping
 - » Excellent snooze position for supreme comfort and relaxation
 - » Quiet motors provide a smooth and discreet operation
 - » Ergonomically contoured seat and back and padded upholstery for added comfort and support
 - » Fully padded chair for increased comfort
 - » Quality assured, meeting all relevant fire retardancy standards
 - » In-built fail safe battery back-up system which enables the chair to be raised and lowered in the event of a power failure*
 - » Comes with a simple to operate 5 button handset
 - » Stitched handset holder to prevent loss or damage to the handset
 - » Ideal for individuals who have difficulty standing up and sitting down due to restricted mobility e.g. those with MS, Arthritis, Rheumatism, circulation problems
 - » Available in luxurious Rembrandt fabric with 3 colour options - Terracotta, Green or Cream
 - » Max weight capacity 150kg (23st)
- * Batteries included
