Welcome to our Independent Living Aids Catalogue

Manage At Home aims to improve independent living for older people and those living with a disability or persistent illness.

Specialising in home care products such as mobility aids, bathroom aids, riser recliner chairs and care beds, Manage At Home's range of products are designed to help to enable independence at home and manage daily living more easily.

Welcome

Manage At Home is the online retail website brand of Medequip Assistive Technology – the UK's leading supplier of equipment designed to help you stay safe and independent at home. Manage At Home provides an extensive range of products to aid independent daily living. This could be a mobility aid to help moving around or transferring into a bath, or simply a more ergonomic utensil that is easier to use and hold than a typical design. Our product range includes grab rails, walking aids, wheelchairs, support cushions, bath lifts, bath seats and boards, raised toilet seats, commodes, electric profiling beds, riser recliner chairs. We have a great range of small aids which include gadgets to help with bathing, dressing, eating and drinking. Our electronic products include alarm monitors, easy to use telephones and dementia-friendly clocks. We offer an easy to use website with a Self Help Guide to assist in identifying the products that could help, a very friendly telephone helpline, and delivery on all orders over £50 is free in the UK. We also have small display of products from our range available to be purchased at our Medequip Community Equipment Store distribution centres around the country and offer the option to use these locations for a 'click and collect service' on request.

Around The Home

Our Around the Home product range includes perching stools which provide support when carrying out a variety of household tasks. They feature a sloping angled seat and allow the user to take up a semi-standing position. We have a selection of trolleys which make life easier when moving items, especially food and drink, around the house. They have two shelves and provide additional support when manoeuvring between rooms.

Our support cushions have been designed to aid posture and relieve discomfort, with many providing effective pressure redistribution for those at risk of developing pressure ulcers. Our range of reachers are lightweight and ideal if you have limited mobility or hand strength and find it difficult bending or reaching to pick up objects.

We have a selection of pill boxes and reminders which offer a choice of solutions for anyone taking regular medication. If standing up or sitting down is becoming difficult then our selection of furniture raisers can help lessen the strain by offering a secure way of making your existing furniture taller.

Reachers & Grabbers

The World's Best Reachers

Greatest RANGE, Best VALUE

The Classic™

- ✓ Includes a dressing post
- ✓ Magnetic tip helps pick up keys, etc.

Based on Helping Hand's original reacher, The Classic has developed over the years into the most widely used reacher in the world. The latest range is split into three separate models: The Classic, Classic PRO and Classic MAX. All offer the same rugged build quality you've come to expect, but the Pro and MAX offer additional features over The Classic.

Handi-Grip™

Designed to mimic how your finger and thumb pick things up, the Handi-Grip jaw can rotate 90° to enable an easier, more secure, pick-up high or low. The soft 'lips' of the jaw can even pick up a human hair, a dropped store card is easy pickings for the Handi-Grip. The latest range is split into two models: Handi-Grip PRO and Handi-Grip MAX. All offer the same exceptional quality you've come to expect.

Bedroom

In the bedroom section you will find electric profiling beds, which have a choice of mattresses and nursing beds like the ones in hospitals. Bed accessories such as over bed tables, bed rails, and a large range of cushions and pillows that provide extra support from simple to sophisticated. Memory foam and self inflating cushions are very popular.

Dressing aids such as button hooks, dressing sticks, shoehorns, sock and stocking aids that can help those with more limited mobility or dexterity when dressing can also be found in this section.

Kitchen & Dining

We have a number of gadgets that help people with limited strength or coordination carry out everyday kitchen tasks easily and safely, such as:

- Kettle tippers that provide extra control when pouring hot water.
- Chopping boards and work stations that hold food in place.
- Slip resistant comfort grips for knives.
- Peelers and graters with extra grip.
- Can, bottle and jar openers.

Our range of cutlery, plates and mugs are designed to help people with limited coordination or strength feed themselves. They include cups and mugs that can be used with minimal tipping, cutlery that's easier to grip, non-slip plates and dishes, as well as adult bibs.

Living Room

We have a number of riser recliner chairs that come in a variety of styles, fabrics and finishes, including luxurious leather. They have up to 3 motors and are easy to operate using a remote control handset which can be stored away discreetly in a pocket at the side of the chair. If you have poor mobility a rise and recline chair can aid significantly when standing up and also provide a comfortable place for rest when reclined. We offer the option of a full installation service on all of our riser recliner chairs. Traditional and high seat fireside chairs are also available.

Deliveries

We recommend our delivery & installation option as the weight of the chair means that it has to be delivered in two sections for safe transportation. We use a specialist company to install the chair and demonstrate how it works and also take away all packaging. This option will normally take 1 - 2 weeks and you will be contacted to arrange a suitable installation date. More delivery info on P102.

Leg rests and footstools should provide adequate support and be stable in use. Ideally a leg rest should support the legs from the chair edge right down to the feet although, in practice, many are rather shorter. A footrest only supports the feet and ankles and is usually lower than a leg rest.

Moving & Handling Collection

This section includes a range of popular devices and equipment used in the care sector for assisting to move patients between bed and chair, chair and commode etc. This includes stand aids, frames to support people who need help standing from a seated position but can still involve themselves in the transfer, and hoists for those who have the least mobility.

In order to care for those who spend a lot of time in bed, and require regular turning and repositioning for therapy and skin tissue care, we include a range of popular slide sheets and repositioning aids.

Telecare Collection

Telecare is recognised as equipment and devices that can help provide remote monitoring and care of elderly and physically less able people so that they may live independently in their own homes. Using GPS tracking the location of the user outside of home may also be monitored. Wearable devices feature an 'SOS' button to call for assistance in the event of illness or a fall, some incorporate voice call functionality to allow the carer to speak to the user as a first response action.

Care Equipment Hire

We offer a rental service for a range of beds, mattresses, hoists and other accessories.

The minimum rental period for a product varies between 7 and 14 days, however you can request to end the rental period earlier - if for example - the rental is for a hotel stay. There is a service charge that covers delivery, installation, collection and decontamination of the products. This can vary depending on the product and whether it is a weekday or weekend delivery and collection - bariatric beds and weekend delivery charges vary. Please call us on our Freephone number 0800 910 1313 for a quote or for further details.

Information

Manage At Home is the online retail website brand of Medequip Assistive Technology – the UK’s leading supplier of equipment designed to help you stay safe and independent at home. Manage At Home provides an extensive range of products to aid independent daily living.

Delivery

Delivery is free on all orders over £50 to a UK mainland address. For orders below £50 the charge is £4.95. Most items will be delivered within 3-7 days of ordering. Some larger products either include installation or have the option of an installation service which may incur an additional charge and may also take a little longer to deliver. We recommend that for beds and riser recliner chairs that you always select an installation service as delivery only is a ‘to the doorstep’ economy delivery only.

VAT Relief

Many of the products that can be purchased from Manage At Home are available for an eligible person to purchase without paying VAT on them. HM Revenue and Customs sets out the conditions when equipment for disabled or chronically ill people might be free of VAT. Please visit the VAT Relief page on our website for full information: www.manageathome.co.uk/vat-relief

Terms & Conditions

Our terms and conditions can be found on our website: www.manageathome.co.uk/terms-and-conditions. These terms and conditions apply to all orders placed with us online, by telephone or by mail order. These terms and conditions along with our Privacy Policy: www.manageathome.co.uk/privacy-policy and Cookie Policy: www.manageathome.co.uk/cookie-policy provide information about us and the legal terms and conditions on which we sell any of the products listed on the Manage At Home website and in this catalogue. These terms will apply to any contract between us for the sale of products to you. Please read these terms carefully and make sure that you understand them, before making any orders. If you refuse to accept these terms, you will not be able to order any products from us. These terms, and any contract between us, are only in the English language.
